Luthuli Museum Women's Month Celebration

In celebrating women this women's month, the Luthuli Museum will embrace their success in an event that will be held at the museum in Groutville on 30 August at 10:00am.

This will be a public dialogue under a theme ***'Women empowering each other in the world economy'*** that is set to explore some of the border breaking questions around financial freedom. Leading the discussion will be [Rechi Dlamini](#), from Agribusiness Development Agency, who will unpack positional topics around the issues of economic emancipation and the role that women can play in bringing about financial status change to one another. Rechi Dlamini is the Project Manager at Agribusiness Development Agency, and has liberated a lot of women and assisted them to establish their agricultural businesses, for more info, their website address is www.ada-kzn.co.za

Also the session will serve to unpack the life of Mrs. Nokukhanya Luthuli, the wife to Chief Albert Luthuli, elaborate on the role she played assisting the women in Groutville and KwaDukuza in their agricultural hubs and the way that they would use their agricultural skills to raise income so that they could support their families.

The programme is enough to provide sufficient food for thought as it will address the broader continental issues of development; economic emancipation.
